

Hate

Vado

I hate that the world is in dangers
I hate that my girl is a stranger
I hate that I'm filled with this anger
All this nonsense they bringing my name up
All the gossip I hate to be famous
Hate that I made this
I hate how they hate on me
I hate how they put their weight on me
Can't wait on me
I hate how my man changed on me
God knocked and put the blame on me
Yo that ain't on me
Hate being vocal makes you unlike
Hate being social means a device
I'ont need no advice
It's funny how they quick forget that you nice
I hate how they ain't gotta think when they write
And y'all thinking it's right
Hate when that money don't stack tall
I hate how executives back off
I feel that I'm black balled
Hate my nigga still getting crack off
Hate that I ain't got them on rap tours
I hate it all
I hate it all

I hate that the streets love no one
I hate what's the price of a whole one
I hate I ain't get the offwhite all ones
Hate getting asked can I hold something
Or giving them a pass when they owe something
I hate how these coons move
Hate how these kids got loose screws
Fix a kid quick with some new shoes
Hate hearing good news
Hate a nigga feel that I could lose
I hate that niggas feel that I should lose
Hate I'm a good dude
Hate the fact that she lost that
Or when she found out took the Porsche back
Hate that I crossed that
Hate that you still ain't off that
I hate that it's hate that caused that
I hate it
I hate it

I hate rain, I hate pain, I hate drama
Hate game, I hate fame, I hate karma
Hate fake, I hate Jake, I hate suckers
Hate wakes, I hate snakes, that hate others
Hate foes, I hate hoes, I hate demons
Hate stress, I hate deaths, I ain't breathing
Hate beef, hate going and hate leaving
Hate people that just hate for no reason
...

So why they hate on me?

So why they hate on me?
Why they hate on me?
So why they hate on me?
