

Hazardous

Vanessa Amorosi

My feet move without me
All roads lead me back to you
Lights flash red to yellow
I can't control these things I do
Yeah I know I should leave
Yeah I know this is wrong
But I don't care
I don't wanna be that strong

Like poison that I just have to taste
Like an ocean that sweeps me away
Something's this good has to be
Has to be
Hazardous
Oh oh oh
Hazardous
Has to be
Hazardous
Oh oh oh
Hazardous

My heart it knows better
You pushed the dagger way to deep into me
This weak strange addiction
It's what I want not what I need
What I need
So what do you do?
When your falling face first
And you know your gunna like the way that it hurts

Like poison that I just have to taste
Like an ocean that sweeps me away
Something's this good has to be
Has to be
Hazardous
Oh oh oh
Hazardous
Has to be
Hazardous
Oh oh oh
Hazardous

When your next to me
I can't hardly breathe
Or touch the ground
Oh my life would be much easier without you, without you
But I wouldn't change one single thing about you.

Like poison that I just have to taste
Like an ocean that sweeps me away
Something's this good has to be
Has to be
Hazardous
Oh oh oh
Hazardous
Has to be
Hazardous

Oh oh oh
Hazardous
