

# The Glass Slide

## Veil of Maya

Calibrate  
Feel the vibrations  
Lasso them  
Hold on for the ride

Despair inside calls to you  
Uprise inside calls to you  
Cowards will call for  
Design  
I'll light the match<sup>3x</sup>  
Can you take me down?  
Ignite the fuse  
Can you take me down?  
Can you take me down?

Relay the message  
Ravage your false goodbyes

Command yourself into  
Twisted figurines [2x]  
I see poems of rise  
They know I live  
Upon the glass slide

I know the truth  
It's still denying me  
I know the truth  
It haunts me (it haunts me)  
They know I  
Live upon the  
Glass slide  
I know the truth  
It haunts me (it haunts me)

Now test yourself  
Challenge it  
Challenge it  
A failure of diamond design  
Now test yourself  
A breeding of  
Under-archived.

Calibrate  
Feel the vibrations  
Lasso them  
Hold on for the ride  
I'll light the match  
Can you take me down?  
Ignite the fuse  
Can you take me down?  
Can you take me down?
