

## Fell Into Place

VETO

Last year there was something I could've done  
That would have changed the chain of events to follow  
Last year there was something I could've done  
But I didn't do anything at all

Then it all just fell into place  
It all made sense  
It all just fit  
So I dare not move anything  
I dare not move anything an inch

Last year there was something I could've said  
The kind of words you can't take back  
Last year there was something I wanted to say  
But I didn't say anything at all

Last night I had the same set of thoughts again  
The kind of thoughts that could change anything  
Last night I thought it all through to the end again  
But again I just didn't do anything

Everything will stay as it is  
As long as I don't stand in the way of it  
But the second I mingle with it  
It'll all be over with
