

Listen, my heart aches for you.
Listen, my heart breaks in two.
Here now I am only yours.
Listen, my heart aches for you.
For you...

Speak out your words come to mind.
Right now I wish not to fight.
Here now I stand all alone.
Listen, I wish to go.
To go...
To go!

Heavens no! I won't be there till you pay the price.
Heavens no! I won't be there till you take the dive.

Somehow I'm restless to define if you have left and if I have even cried.
Here now I am only yours.
Listen, I wish to go.

Heavens no! I won't be there till you pay the price.
Heavens no! I won't be there till you take the dive.

Heavens no! I won't be there till you pay the price.
Heavens no! I won't be there till you take the dive.
The dive...

Listen, my heart aches for you.
Listen, my heart breaks in two.
