

Velvet Shade

Viza

Need to feel my janna.
Be the beat my janna.
Feel release my janna.
Need to feel my janna.

Which way to burn the beds?
Which way, we're beat to death.
Which way to feast revenge?
We're lost in the velvet shade.

Take the lead my janna.
Come to me my janna.
Please believe my janna.
Take the lead my janna.

Which way, my heart has bled?
Which way, why do i dread?
Which way, it's in my head.
We're lost in the velvet shade.

Which way, my pain will end.
Which way, just left for dead.
Which way, i will ascend.
I'm found, in the velvet shade.
