

The Devil Rages On

Volbeat

Don't give up, don't give up, don't give up
Don't let 'em roast you like a fly
Don't let 'em crush you like a flea
I never saw you like a fly
Goddamn, now get up on your feet

Now hold it, fellas, it doesn't move me
Let's get real, real goin' for a change

Help me, Father Beelzebub in Hell
All seven will fall
A kingdom will come
Oh, the ancient prince of the devils
And the leader of the lords
A lord of the flies
Now walks in disguise
We'll now be united

Babylon, Beelzebub
Sweet is the calleth of him
Hell has decided
I'm more than delighted
Woah, oh-oh-oh
Heaven, build the castle of sin
Hell has decided
I'm more than delighted
Woah, oh-oh-oh-oh
And the Devil rages on

We walk among you in human form and ties
Ready to strike
Just wait for the sign
Well, the ancient prince of the devils
And the leader of the lords
Lords of the flies
Now walks in disguise
We'll now be united

Babylon, Beelzebub
Sweet is the calleth of him
Hell has decided
I'm more than delighted
Woah, oh-oh-oh
Heaven, build the castle of sin
Hell has decided
I'm more than delighted
Woah, oh-oh-oh-oh
And the Devil rages on

Master in the valley, can you me?
Master in the valley, can you me?
Master in the valley, can you me?
Master in the valley, can you me?
