

Wait A Minute My Girl

Volbeat

Wait a minute, my girl
Wait a minute, my lover
Summer's up and I want you to know
That I won't live a minute without ya

I've been waiting for a while
I always had you on my mind
Now you're here in flesh and bones
My heart beats so and it's scaring me to death
But I can't...

Wait a minute, my girl
Wait a minute, my lover
Summer's up and I want you to know
That I won't live a minute without ya

Wait a minute, my girl
Wait a minute, my lover
Summer's up and I want you to know
That I won't live a minute without ya

There's a light and it's right there
In front of me
And a voice that whispers family

Don't ignore the signs and
The symbols that are here
You might find the reason why you're here

I've been waiting for a while
I always had you on my mind
Now you're here in flesh and bones
My heart beats so and it's scaring me to death
But I can't...

Wait a minute, my girl
Wait a minute, my lover
Summer's up and I want you to know
That I won't live a minute without ya

Try to say the right thing
My heart is beating like thunder
So wait a minute my
Wait a minute my
Wait a minute my
Wait a minute my
Wait a minute my
Wait a minute my

Wait a minute, my girl
