

Alice from Wonderland

Votchi

Sweet little girl, please come to me,
I'll take you where
You' e never gonna be.

I'll show you the way, come take my hand
You'll be just like Alice in Wonderland

Uh.
Walking by my side,
Walking by my side, everything's all right.

Tell me what you see, oh.. oh well..
The world behind the mirror's
never what it seems.

I never dream about you.
The world isn' real.The world isn' real.
The world isn' real. The world isn' real.

Sweet little girl, please come to me,
I'll take you where
You' e never gonna be.

I'll show you the way, come take my hand
You'll be just like Alice in Wonderland

Uh.
Walking by my side,
Walking by my side, everything's all right.

Tell me what you see, oh.. oh well..
The world behind the mirror's
never what it seems.

I never dream about you, girl.
