

Shadow Work

Warrel Dane

Within the shadows
Outside of self-blame
Nothing can be forsaken
Nothing can be forgiven
Only future strength
To make yourself driven

Find this voice from within
And let the healing begin

Shadow work is coming down
Like a hound that hunts you
And drags you to the ground
Shadow work is reconstruction
Purification
Unwind your life through shadow work

There's no crime but your own
Say hello to the idiom
Conquer the puzzle
And change the drain

Take me away
When i was just a child
Before i had gone astray

Shadow work is coming down
Like a hound that hunts you
And drags you to the ground
Shadow work is reconstruction
Purification
Unwind your life through shadow work
