## **Lonely Weekends**

## **Waylon Jennings**

Well, I make it alright
From Monday morning till Friday night
Oh, those lonely weekends
Since you left me
I'm as lonely as I can be
Oh, those lonely weekends.

Said you'd be true to me You said our love's never gonna die Said you'd be true to me But baby you didn't even try.

I'll make it alright
From Monday morning till Friday night
Oh, those lonely weekends.

You said you'd be true to me You said our love's never gonna die Said you'd be true to me But baby you didn't even try.

I'll make it alright
From Monday morning till Friday night
Oh, those lonely weekends.

Oh, those lonely weekends. Oh, those lonely weekends...
