## **The Most Sensible Thing**

## **Waylon Jennings**

I've taken chances on everything in my life Even against all the odds I've rolled the dice Count me in on any deal that comes around Right or wrong never slowed me down.

I've always loved you silent but strong
Deep down in your heart you've always known
It's just that I've made more mistakes than any man under the s
un

You're the only sensible thing I've ever done.

Never complaining back when the times were bad

Even when your faith in me was all we had

Loving me wasn't worth the price you paid

Darling, I've been wrong this is all I can say.

I've always loved you silent but strong

Deep down in your heart you've always known

It's just that I've made more mistakes than any man under the s

un

You're the only sensible thing I've ever done. You're the only sensible thing I've ever done...
