

Stay Young

We the Kings

Let's burn our dreams into the skyline
Tattoo our sweat and tears, forever you and I
Hold your breath till we cause the sun down
This is the moment time is racing, slow it down
'Cause you, a feeling I can't deny

We are only here for one more night
Scream it like you mean it
One more time
We'll tear down the building
(C'mon, c'mon)
Sing along oh oh oh oh oh
(C'mon, c'mon)
Stay young

Let's light the kerosene tonight
Spark up like fireworks
Exploding in the sky
Kick down the new year and the future
We can't get closer here, the walls are falling down
'Cause you, a feeling I can't deny

We are only here for one more night
Scream it like you mean it
One more time
We'll tear down the building
(C'mon, c'mon)
Sing along oh oh oh oh oh
(C'mon, c'mon)
Stay young

We'll be holding onto this so tight
Scream it like you mean it
One more time
We'll tear down the building
(C'mon, c'mon)
Sing along oh oh oh oh oh
(C'mon, c'mon)
Stay young

Till my breath
I'm alive
When we're side by side
Now
This is dedicated to you

(C'mon, c'mon)
Sing along oh oh oh oh oh
(C'mon, c'mon)
Sing along
(C'mon, c'mon)
Sing along oh oh oh oh oh
(C'mon, c'mon)

We are only here for one more night
Scream it like you mean it
One more time

We'll tear down the building
(C'mon, c'mon)
Sing along oh oh oh oh oh
(C'mon, c'mon)
Stay young

We'll be holding onto this so tight
Scream it like you mean it
One more time
We'll tear down the building
(C'mon, c'mon)
Sing along oh oh oh oh oh
(C'mon, c'mon)
Stay young
