Happy Colored Marbles

Ween

Most people are not ok, but they're taking their siestas in the sun

Got some ideas on the way it should be But most of 'em just carrying on

Happy colored marbles that are rolling in my head I put 'em back in the jacket of the one I love Carry that velvet sack full of pretty colored marbles And I'll ask you for 'em back, when I'm ready and done

Most people are not ok, and they're slackin' cause the job ain't done

Fillin' up on the poison nut And getting down till the dawn

Happy colored marbles that are rolling in my head I put 'em back in the jacket of the one I love Carry that velvet sack full of pretty colored marbles And I'll ask you for 'em back, when I'm ready and done
