

Queen Of My Heart

Westlife

{Kian:}
So here we stand
In our secret place
With a sound of the crowd
So far away
And you take my hand
And it feels like home
We both understand
It's where we belong

{Bryan:}
So how do I say?
Do I say goodbye?
We both have our dreams
We both wanna fly
So let's take tonight
To carry us through
The lonely times

{CHORUS:}
{All:}
I'll always look back
As I walk away
This memory
Will last for eternity
And all of our tears
Will be lost in the rain
When I've found my way
Back to your arms again
But until that day
You know you are
The queen of my heart

{Bryan:}
Queen of my heart

{Shane:}
So let's take tonight
And never let go
While dancing we'll kiss
Like there's no tomorrow
As the stars sparkle down
Like a diamond ring
I'll treasure this moment
Till we meet again

{Mark: (All:)}
But no matter how far
(Matter how far)
Or where you may be
(Where you may be)
I just close my eyes
(I just close my eyes)
And you're in my dreams
And there you will be
Until we meet

{Repeat chorus twice}

{Shane: (All:)}
Oh yeah
You're the
Queen of my heart
(Of my heart)
No matter
How many years it takes
(Queen of my heart)
I'll give it all to you
Oh yeah
(Queen of my heart)
Oh yes you are
The queen of my heart
