

# I Knew Before

Whigfield

Oooh, ooh yeah  
Hey like the time I knew before  
Oooh wo-oh-oh I gotta know  
Because I need you more and more

You loved me, then you left me  
You didn't care, I was alone  
So you're back now, did you know how  
It was the one thing I was hoping for

Nobody makes my body  
Feel so good, so true, so right  
So love me, say you missed me  
Cos I need you more and more

Oooh, ooh yeah  
Hey like the time I knew before  
Oooh wo-oh-oh I gotta know  
Because I need you more and more  
Oooh, ooh yeah  
Hey like the time I knew before  
Oooh wo-oh-oh I gotta know  
Because I need you more and more

You held me, then you tell me  
That it was time to say goodbye  
Your discover is not over  
Now the second time, we'll get it right  
Nobody makes my body feel so wonderfully define  
Oh-wo-oh hold me, say you want me  
Cos I need you more and more

Oooh, ooh yeah  
Hey like the time I knew before  
Oooh wo-oh-oh I gotta know  
Because I need you more and more  
Oooh, ooh yeah  
Hey like the time I knew before  
Oooh wo-oh-oh I gotta know  
Because I need you more and more

Oooh, ooh yeah  
Hey like the time I knew before  
Oooh wo-oh-oh I gotta know  
Because I need you more and more
