

# Think Of You

Whigfield

When I think of you (3x)  
I need your body tonight.

I got me feeling and now it is part of me  
You got me reeling right into the heart of me;  
Don't keep me waiting, coz I need your body tonight.

I got me thinking my life it woz ending,  
And when I woz sinking I found me a friend  
And now you've got me singing I need you inside me tonight.  
Ohhh

When I think of you I feel like flying,  
Like a dream come true;  
Not coz I'm dying  
When I think of you  
I need your body tonight.  
Ohh

With your affection my life ain't the same  
Coz its like resurrection; I'm calling your name  
And your close to perfection,  
And I need your body tonight.

I got me thinking my life it woz ending,  
And when I woz sinking I found me a friend  
And now you've got me singing I need you inside me tonight.  
Ohhh

I got me thinking my life it woz ending,  
And when I woz sinking I found me a friend  
And now you've got me singing I need you inside me tonight.  
Oh
