

## Limited by Stature

White Denim

I feel so limited I think I might attribute it to stature  
Maybe sounds funny but it isn't though this never really matter  
ed  
Bells aren't ringing and the birds quit singing in my backgroun  
d  
I can't decide if I'd prefer the quiet or a seldom ending clatt  
er

Rain and snow, tell me which way to go  
Should I let a feeling show or try to hide?

Unsung, inhibited, incessantly prohibited and flattened  
Maybe sounds funny and it is though it never really mattered
