

# Halogen

Whitehouse

Can you see?  
Can you see this?  
Burn that halogen  
Hot halogen

Burn, sister  
Show me that burn  
Stand in front of that hot halogen  
I hope this hurts you

I wanna hurt you  
I want you to cry a lot louder  
I don't care  
I don't care whether you've led a decent life or not

No one cares  
Your tongue is irritating me  
So much  
Beg me to stop  
I want you to cry a lot louder

Beg me to stop it  
Beg me  
Show me, sister  
Show me how much you want it

And what do you know about convenience?  
And compromise?  
And humiliation  
Can you see?

Can you see this?  
Are you watching?  
Burn that halogen  
Hot halogen

Show me that burn  
Burn, sister  
Stand in front of that hot halogen  
Burn

Are you watching?  
Burn, sister  
Burn
