

Mal De Amores

Whitehouse

They never told me and I never asked
Fell in the deep end, she was a must
Corazon loco, busca el ayer
Why se que tampoco mañana allaré
Mal de amores ? so strong
How could the way to heaven be wrong
Mal de amores ? for so long
Nothing but heartache baby, now you're gone
Escucha el grito que sale de mi
Todo se apaga si no estás aquí
Lost in her kisses, drowned in her eyes
She fulfilled my wishes with paradise
Mal de amores ? so strong
How could the way to heaven be wrong
Mal de amores ? for so long
Nothing but heartache baby, now you're gone
Marcha atras, no te vayas vuelve ya
Let me be there where you are
Mal de amores ? so strong
How could the way to heaven be wrong
Mal de amores ? for so long
Nothing but heartache baby, now you're gone
