

# My Name Is Not Susan

Whitney Houston

One night not long ago  
I fell for you too easy to let go  
She was one from your past  
One of the few you said it didn't last

Now Romeo you know, I can't believe  
Your tongue would slip so easily  
I know you think, I oughta let it be  
But get it right, next time that's the end of me

My name is not Susan so watch what you say  
If you still need her then be on your way  
Don't wanna hear about Susan, she's got nothin' on me  
So show some respect for the love you receive, my name is not Susan  
(No, no, no, no, no, get it right)

Last night you were asleep, deep in a dream  
I heard you call her name  
Then you turned to embrace  
I froze in place, never to be the same

Now Romeo you know I never knew  
My heart would bust so easily  
I know you think, I oughta let it go  
But get it right next time, say goodbye to me boy

My name is not Susan so watch what you say  
If you still need her then be on your way  
Don't wanna hear about Susan, she's got nothin' on me  
So show some respect for the love you receive, my name is not Susan  
(No, no, no, no, no, get it right)

I never want to be the girly that you call, 'One And Only'  
You know, the kind of girly that you would call when you get lonely  
I never should have let you in  
A damn shame forgot my name, well, anyway

My name is not Susan so watch what you say  
If you still need her then be on your way  
Don't wanna hear about Susan, she's got nothin' on me  
So show some respect for the love you receive, my name is not Susan  
(No, no, no, no, no, get it right)

Don't want to hear about Susan  
My name ain't Susan  
My name ain't Susan  
My name ain't Susan  
Ya better get it right
