

Dream something and make it real  
Bring me my mount, bring me my steel  
Oh to be, to be, to be you  
To be, to be, to be you

Now I'm the type of man who wants to watch the world burn  
I hope you run, best hope that I don't find you first

You know that I'm the worst  
When I come calling  
Best hope that I don't find you first  
The whole world falling  
Down on you  
To be you  
Oh, it's true  
I'm coming for you

Now I'm the type of man who wants to watch the world burn  
And here I come, I know you're gonna love my work

You know that I'm the worst  
When I come calling  
Best hope that I don't find you first  
The whole world falling on you  
I'll be there too  
I'm picking through the bones to find you

Give me your house, give me your things  
I'm in your head, I'm in your dreams  
I want your face, I want your skin  
I want your name, I want to live  
I want everything

You know that I'm the worst  
When I come calling  
Best hope that I don't find you first  
The whole world falling on you  
I'll be there too  
I'm picking through the bones to find you  
Oh, to be you  
To be you  
To be you  
To be you  
To be you  
To be
