

Deeper

Wild Beasts

The breakfast is all laid out
Waiting for you to arrive
The sun is just rising
And going down again

Deeper, deeper,
Oh piece me together again
Deeper, deeper,
You burn a hole in the world

I have to know how it feels
And I am not afraid
This is the house we built
All else falls away

Deeper, deeper,
Oh dare we put our tongues to the flames?
Deeper, deeper,
Oh send the others away

You plug the yawning void
And the world parts for you
The sucking sun, in his sucking sky
You lift him into the room

Deeper, deeper,
The smile across my face
Deeper, deeper,
The fires inside you race
