I look at life from a different aspect,
Vacation I won't be back yet,
I got plans that I wanna see work,
so i go ahead full steam with no backstep, (no backstep)
its true we all want a pay rise,
its come to my attention when i had long look into the blue not
grey skies
paved the way but now ive got to make mine (make mine),
take time become a little more patient stay aflight,
bake the cake right,

ima work on what we told different,
go round the clock no night is a late night,
im sure of the new balance,
and ive got more of the new talent,
you wanna see on your tv till your gonna see them and your gonn
a see me (your gonna see me)

dont wanna look back (look back)
im gonna take a forward step (take a forward step)
i know ive got what it takes to be
right up there with the best (with the best)
