Let You Know

I wanna let you know I wanna let you know I wanna let you know I wanna let you know I wanna let you know I wanna let you know I wanna let you know I wanna let you know That our souls are connecting See no one ever really dies See no one ever really dies I wanna let you know That our souls are connecting See no one ever really dies See no one ever really dies I wanna let you know That our souls are connecting See no one ever really dies See no one ever really dies
