

Soul Steppin

Will Downing

Verse 1

Would you mind

If I had this last and final dance alone with you

You've been chilling

I know cause I've been watching you from across the room

So don't pretend

I know you cant be having fun sitting all alone

So take my hand

We got one more chance to dance before the night is gone

And well be soul

Soul steppin, steppin, steppin

Um... let the music groove you

Cmon let the music move you to your soul

Soul steppin, steppin, steppin (just you and me baby)

Cmon, cmon, cmon let's go soul

S.O.U.L Steppin

So your red dress

has got me so hypnotize as we spinning around on the dance floor

I must confess

I think that your are so fine and your blowin my mind and I want you more

Hey and well be soul

Soul steppin, steppin, steppin

Cmon let the music groove you

Cmon let the music move you to your soul

Soul steppin, steppin, steppin (just you and me baby)

um....Cmon baby yea

S.O.U.L Steppin, steppin, steppin

S.O.U.L. Steppin, steppin, steppin (cmon, baby, cmon baby yea)

S.O.U.L. Steppin, steppin, steppin

Move your body baby lets go, let's go

Let's go tonight (S.O.U.L Steppin)
