

Failure Of All Mankind

William Control

I am programmed inside of you
Nothing can break me, loose
I am here to stay
An electrical reseau in your blood
Don't you love all that I've given you?
You're my love

I am programmed
Illustrating life on the inside
I will stay
Author of the pain you hold so dear
Don't you love all that I've given you?

There's beauty in silence
Brought from the pain of the world
Look at the madness
Jesus has failed you
There's beauty in sorrow
Brought from the salt of the earth
Just look at the madness
Jesus has failed me, too

(4x)

Walk right through my voiceless room alone
I feel you, I feel you

You are the reason
I've come to set you free
Jesus has failed you
Jesus has failed me, too
I am the reason
I've come to set you free
When Jesus has failed you
Just like he failed me, too

Jesus has failed me
Jesus has failed me
Jesus failed me, too
