

Perfect Servant

William Control

Call me your master
I call you my whore
Get down on your knees
Can you hand the violence, shoulder the pain?
Now close your eyes

A perfect servant
Perfect to please
I've come to destroy you
Now call me your master
You are my whore
Get down on your knees
Open your eyes
Now open your eyes

Your pain is my pleasure
I wanna make it last
I wanna watch you suffer
Your pain is my pleasure
I wanna see you burn
I wanna make it last forever

Call me your master
I will be done
You will appease
Kneel down in silence, shoulder the pain
'Cause you're my disease
A perfect servant
Perfect to please
I will destroy you
Now open your eyes
Open your eyes

Your pain is my pleasure
I wanna make it last
I wanna watch you suffer
Your pain is my pleasure
I wanna see you burn
I wanna make it last forever

Your pain is my pleasure
I wanna make it last
I wanna watch you suffer
Your pain is my pleasure
Yeah, it's my pleasure

She found enlightenment
She found courage
She found pain
She found her strength again

Your pain is my pleasure
I wanna make it last
I wanna watch you suffer

Your pain is my pleasure
I wanna see you burn
I wanna make it last forever

Your pain is my pleasure
I wanna make it last
I wanna watch you suffer
Your pain is my pleasure
I wanna see you burn
I wanna make it last forever

Your pain now is my pleasure
You are the perfect servant
Your pain now is my pleasure
You are the perfect servant for me
