

I've Got the Craziest Feeling

Willie Nelson

I get the craziest feeling, I guess it's 'cause I'm losing you
I don't know what to do, I just make the rounds, get in jams
I get the craziest feeling, I guess I'm gonna lose my mind
But maybe if I lost my mind then maybe I'd learn to forget

And before I was born I never had cares
I won't have cares when I'm gone
But until that day when they take me away
I'll do my best but it's hard to go on
I get the craziest feeling, I wish it would leave me alone
But it just goes on and on that crazy feeling you're gone

Before I was born I never had cares
I won't have cares when I'm gone
But until that day when they take me away
I'll do my best but it's hard to go on
I get the craziest feeling, I wish it would leave me alone
But it just goes on and on that crazy feeling you're gone
