

## Stampede

## Wire

In times of peril such as these  
Pleased as punch but not so nimble  
Taking chances that you're given

Take the Trabant to Brabant  
Find security  
In Western arms, in Western arms  
Find security

The non-believers can't agree  
Hands are tied, we can't discuss it  
Swapping pot-pourri for concrete

Take the glitter to Gorky  
Find security  
In Western arms, in Western arms  
Find security

Insiders think they've cracked the nut  
Punch to please and not to crumble  
Faking answers you are living

Empty larder history  
Find security  
In Western arms, in Western arms  
Find security

The double agent's single cell  
Splits the endgame party symbol  
Forked, endorsed, but not forgiven

Delegations with stones  
Find security  
Buy Western charms, buy Western charms  
With security
