

## Asgard

Wizard

See the shining place,  
high in eternal space.  
Across Heimdall's bridge  
you have to go.  
Unreachable for you and me.  
We will never see  
the home of the gods.  
This holy land.

Asgard, Asgard.  
The home of the Gods  
Asgard, Asgard  
This holy land

Built with giants power.  
In the center Odin's tower.  
A stronghold tall.  
But one day it will fall.  
When giants are running,  
Suturs flames are coming.  
The gods will face  
their destiny.
