

love to love u

Wrabel

Was it hard to trust a feeling
The closer it, closer it gets
To the real thing, yeah
Was it dark before we're sleeping
Further in, further away
From the center of the bed, babe

Every time I look into your eyes I feel like flying
Every time that we don't kiss goodnight I feel like dying

I would love you
That's what I'd do, hey
If you'd let me, ooh
I would love to love you

I swear your love is like a mirror
You're calling me out on my bullshit
For the first time, yeah
And I've been trying to see
From your perspective, yeah
And now I'm seeing myself in a new light
And I see you with a new life
Wanna see you in the moonlight

Every time I look into your eyes I feel like flying
Every time that we don't kiss goodnight I feel like dying

I would love you
That's what I'd do, yeah
If you'd let me, ooh
I would love to love you

I would love to love, to love, you
I would love to love, to love, you

The grass is greener on the other side
It's what I tell myself
But that's a lie, lie, lie, lie
Yeah that's a lie, lie, lie, lie
There's nothing greener than your eyes
When I look at you
I see my whole damn lie
I see my whole damn lie

I would love you
That's what I'd do, yeah
If you'd let me, ooh
(If you let me, let me love you)
I would love to love you, yeah

I would love to love, to love, you
I would love to love, to love, you
I would love to love, to love, you
I would love to love, to love, you

Oh the grass is greener on the other side
It's what I tell myself

But that's a lie, lie, lie, lie
Yeah that's a lie, lie, lie, lie
There's nothing greener than your eyes
When I look at you
I see my whole damn lie
I see my whole damn lie
