

# Vegan Witch

Wumpscut

We come together, we mourn together  
About her, now she's dead

She only ate weed, refused all dead meat  
But even that was too much

For her mind, her heart, for this earth

Pray for the witch, passed away  
She was vegan  
Pray for the witch  
So astray, she went vegan

Green grass, black morass

Capital Punishment for you  
Capital Punishment for you have sinned  
Pray for the witch  
So astray, she went vegan  
Mourn
