

## Easy Come, Easy Go

Wynette Tammy

Love just walked on down the road  
I guess it had to be  
Wish he wouldn't walk so slow  
Too much time to see  
All that love leaving me

It's easy come and easy go  
That's all he knows  
So much sunshine in his smile  
For a while he made my love the song

Lord he'd sing to me  
Oh, he'd cling to me  
And I loved him so  
Easy come and easy go

Love just walked on with my soul  
Oh, he set me free  
Now the best has come and gone  
At least it was to me  
And all that love is leaving me

Easy come and easy go  
That's all he knows  
So much sunshine in his smile  
For a while he made my love the song

Lord he'd dream with me  
Whispered things to me  
Showed me all there was to show  
Easy come and easy go

Love just walked on down the road  
I guess it had to be  
Wish he wouldn't walk so slow  
Too much time to see  
All that love leaving me
