

I'd Like to See Jesus (On the Midnight Special)

Wynette Tammy

I'd like to see Jesus on the Midnight Special
I'd like to see the Wolfman bring him on
I'd like to see Jesus on the Midnight Special
I'd like to hear him singin' my favorite song

Rock of ages cleft for me
Heaven is eternity
Jesus loves me this I know
How great thou art you saved my soul

I'd like to see Jesus on the Midnight Special
I'd like to see the Wolfman bring him on
I'd like to see Jesus on the Midnight Special
That's what it's gonna take to turn the whole world on

When I lay me down to sleep
There's angels watchin' over me
So gather round and clap your hands
For Jesus the Wolfman and the angel band

I'd like to see Jesus on the Midnight Special
I'd like to see the Wolfman bring him on
I'd like to see Jesus on the Midnight Special
I'd like to hear him singin' my favorite song

I'd like to see Jesus on the Midnight Special
I'd like to see the Wolfman bring him on
I'd like to see Jesus on the Midnight Special
I'd like to hear him singin' my favorite song

I'd like to see Jesus on the Midnight Special
I'd like to see the Wolfman bring him on
I'd like to see Jesus on the Midnight Special...
