

I'll Be Your Bridge (Just Lay Me Down)

Wynette Tammy

I'll laugh when you laugh and I'll cry when you cry
For what it's worth I'll always be around
As I told you long ago if I can help just let me know
I'll be your bridge just lay me down

I will hold your hand and I'll be your special friend
And through it all I'll always be around
Then I'll sing you happy songs when ev'rything in life goes wrong
I'll be your bridge just lay me down

If someone breaks your heart
And the world just seems to stop
I'll pick up the pieces
And take up where she left off
I'll be anything you need
And if you want me to I'll leave
I'll be your bridge just lay me down

I'll be your bridge just lay me down
