

## Love Overdue

Wynette Tammy

It seems I'm always settin' myself up for a phone  
Sometimes I wish that I could end it once and for all  
I keep payin' but I never get the love from you  
Yes I keep payin' for love overdue

Love overdue now I wish it wasn't true  
But it always cost you more than I get from you  
You keep saying you love me but the feelings don't come true  
And I keep payin' for love overdue

Maybe if I lost you I would finally win  
At least I'd have the chance to be my old self again  
I should collect what's left in me and start life without you  
Instead of payin' for love overdue

Love overdue now I wish it wasn't true  
But it always cost you more than I get from you  
You keep saying you love me but the feelings don't come true  
And I keep payin' for love overdue  
Yes I keep payin' for love overdue
