

# The Only Thing

Wynette Tammy

I've made many mistakes in my lifetime  
The foolish things I've done have might been few  
But the only thing, I've ever done worth doin'  
Is fall in love with you

I've wasted many a tear in my lifetime  
On foolish dreams that never could come true  
But the only thing, I've ever done worth doin'  
Is fall in love with you

Because of you, I changed my way of livin'  
Because of you my life has changed a lot  
The only thing worth havin' is worth givin'  
The best of everything you've got

I've wasted many a day being lonely  
But now I know my lonely days are through  
'Cause the only thing, I've ever done worth doin'  
Is fall in love with you

Yes, the only thing, I've ever done worth doin'  
Is fall in love with you
