

What I Had with You

Wynette Tammy

All I want is what I had with you
What I just can't find with someone new
I've tried other loves but they won't do
All I want is what I had with you

Looking back in time I see yesterday
When I held the world but let it slip away
All those strange new loves just leave me blue
All I want is what I had with you

I've tried other loves but they won't do
All I want is what I had with you
