

# You Make My Skies Turn Blue

Wynette Tammy

I'll give you love if that's the price  
Just think of me as warm and nice  
I'll do what you want when you want me to  
You make my skies turn blue

Cause when you hold me I hear birds sing  
Your kiss can't know the joy it brings  
I never knew real love till I met you  
You make my skies turn blue

If you need me don't fail to call  
Where you're concerned I'll give my all  
I'm built for love and it's all just for you  
You make my skies turn blue

Cause when you hold me I hear birds sing  
Your kiss can't know the joy it brings  
I never knew real love till I met you  
You make my skies turn blue
