

You're
Good tonight
You're
Good at white [?]
You asked me inside
Now you know it's your side [?]
This is the way we had planned
I've got enough [?] in my hands
Your heart is pure
As ... [?]
Your skin smells
As ... [?]
I want to rub you up
Real take in partner [?]
This is the way we had planned
I've gotta head up [?] in my hands
You fill me up
Or feed me in
Is much to much

For me to think [?]
Drive me up [?]
To wretched highs [?]
No control
You're mine tonight
This is the way we had planned
I've gotta head up [?] in my hands
You're mine [?]
... [?]
You know
I'm way [?] too much
You're down
Down, down, down [?]
I know you're down [?]
... [?]
This is the way we had planned
I've gotta head up [?]
I've got much to much in my hands
