

# Nightfall

Xandria

Here it comes, the story of mankind's final glory  
Into the nightfall  
The showdown now has come, this will be the last curtain  
Before the Night falls

In a desert burning children's faces turning  
Into another enemy in war  
Icy winds are blowing over bodies piling high  
There's no place left for more

Oh save me from sharing this hell  
Oh save me from my blame

We are worshipping the gods  
That keep twisting our thoughts  
Everyday a new sensation  
While a million creatures  
See their soil turning to dust  
Hrimata Eleison

Forever and ever  
You hear them crying  
Forever and ever  
This world is dying  
We had time enough to understand

We are rising higher, closer to the fire  
let the final dance begin
