

Salomé

Xandria

They call for me
Dance Of The Seven Veils
I have no choice
I'm nothing if I fail

Lonely Salomé, Dancing Salomé
Veil for veil away
Villain and prey

The first veil falls - illusion
The second one - innocence
The third one follows - pride
And four was my way back

Losing my dignity
With every move I make
I'm losing it
The veil falls

Freedom was long ago
With every step I take
I walk away
From this veil

Singing Salomé, Naked Salomé
Veil for veil away
Villain and prey

Losing my dignity
With every move I make
I'm losing it
The veil falls

If there's one thing left to see
That's of interest
Then it's in my chest
The seventh veil is me
