The last free place

F#mi E H

in this world is your head

C#2 H2 A2

no one can see

F#mi A2 E

the very thoughts that you have

There's no love

F#mi E H

only fear in our brains

C#2 H2 A2

that we give

F#mi A2 E

our last secrets to love away

My old friend

there've been the days when we could laugh

but now there's a time

when those days are gone away

and if you fail

to find the words, please find the strength

the bullet be

the very end of our hopeless days
