

# You Broke My Heart

Xmal Deutschland

All you left behind  
I don't understand  
I feel so lonely here  
Come and kiss my hand

You broke my heart  
You broke my heart  
You broke my heart  
Oh, you broke my heart

All you left behind  
A ghost still howling wild  
Always with me  
Terrors my mind

You broke my heart  
You broke my heart  
You, you broke my heart  
Oh, you broke my heart
