

## Dance Band

XTC

Watch them go one two three  
I'm so happy and so is she  
In a 'Danceband'  
Show slow Quick quick slow  
Heel to hell and toe to toe  
In a 'Danceband'

You can do the bossa nova  
'Till the night is through  
You know Gay Gordon  
You can meet him too  
But when you hear that tune  
One and one make two  
Don't step on my toes  
Don't step on my toes
