

## Miles Away

Yeah Yeah Yeahs

As the cars go by under the sun like an enemy  
You wonder (3x)  
As a spider comes and looks at you like an enemy  
You wonder (3x)  
Yeah Miles, miles away  
She's hurt fewer people in a better world  
Miles, miles away  
Dressed again in the hot water  
You're more beautiful than ever  
Looking in the car's rear view mirror  
The floor is hard uncomfoted  
By the second time she wondered she hungered she hungers  
like a killers wife  
As the cars go by (3x)  
Yeah as the cars go by  
Miles, miles away  
She's hurt fewer people in a better world  
Miles, miles away  
Dressed again in the hot water  
Well you're more beautiful than ever  
Looking in the car's rear view mirror  
You're more beautiful than ever  
Miles, Miles away (2x)
