

Cold Flame

Yello

Smoldering ashes, bitter tears
Suddenly, I fell awake
I listened to my mistakes, shouting when I wake
Wondering how I ever got myself here

True, there were times we laughed so hard we fell
The [?] innocence that we never betrayed

All the times I sat by your side, I never could tell

Cry cause I miss you, miss you cause I cry
I cry cause I miss you, miss you cause I cry

Smoldering ashes and bitter tears, cause it's so hard to let yo
u go

True, there were times we laughed so hard we fell
The [?] innocence that we never betrayed

You said "Love me and I'll let you be my happiness, your happin
ess. You'll always be mine."

Smoldering ashes, bitter tears
Smoldering ashes, bitter tears
Smoldering ashes, bitter tears
Smoldering ashes, bitter tears

True, there were times we laughed so hard we fell
The [?] innocence that we never betrayed

Cry cause I miss you, miss you cause I cry
I cry cause I miss you, miss you cause I cry
I cry cause I miss you, miss you cause I cry

Smoldering ashes and bitter tears. Cause it's so hard to let yo
u go
