Yello

Givin' it up  
Givin' it up  
Givin' it up  
Givin' it up

Maybe, baby I lost in space  
Between the sky and the sea  
What does it mean?  
What does it mean?  
It means I've got you inside of me  
Feeling the cold of the atmosphere  
Parallel lines crossing my fear

Endless wishes, I cry as I sing  
Oh the message rings in your ears

Givin' it up  
Givin' it up  
Givin' it up  
Givin' it up  
Givin' it up  
Givin' it up  
This time for real

Givin' it up  
Givin' it up  
Givin' it up  
Givin' it up  
Givin' it up  
Givin' it up  
This time for real

Maybe, baby I shouldn't close the doors  
Maybe, baby I keep you inside my walls  
Well I'm going crazy in my mind  
Spinning around all the time  
'Cause you hurt me  
You're breaking my heart, baby  
So get that big big proof, you on love this time  
I get you with her feels, baby I'm ready to climb  
'Cause you're mine  
Baby you're mine  
I get that heart first break, ready to take  
I got to a lock out you, I'll focus on you  
Let's take our time  
Let's take our time

Lost is the space

Givin' it up  
Givin' it up  
Givin' it up  
Givin' it up  
Givin' it up  
Givin' it up  
This time for real

Givin' it up  
Givin' it up  
Givin' it up  
Givin' it up  
Givin' it up  
Givin' it up  
This time for real
