

Limbo

Yello

Why don't you leave me alone?
Why don't you answer the phone?
I got no clue where to go
Cos I'm in limbo, I'm in limbo

Why do you shake
You got to mad
I could not take it, take it
You'll never mind I'm feeling sad
Cos I'm in limbo, I'm in limbo, I'm in limbo
I'm in limbo

I want to jump on to the dream
Dreaming this feeling of complain
I know you'll get to hold me tight
I will be cruising through the night

I'm in limbo, hey!
I'm in limbo, I'm in limbo

Why don't leave me alone?
Why don't you answer the phone?
I got no clue where to go
Cos I'm in limbo, I'm in limbo

I got to tell you all the same
I wanna see the dancing flame
Please let me get into that flow
Cos I'm in limbo, I'm in limbo
I'm in limbo, I'm in limbo

I want to jump on to the dream
Dreaming this feeling of complain
I know you'll get to hold me tight
I will be cruising through the night
I want to jump on to the dream
Dreaming this feeling of complain
I know you'll get to hold me tight
I will be cruising through the night

I'm in limbo
